Mrs. Mary Hall has been substitute librarian.

Many people are using our local library to obtain books from the State Library at Concord.

We thank all who have given books and magazines during the year.

TEAM WORK WILL DO THE JOB

Team work has won victories from time immemorial—for families, towns, cities, states and nations. Team Work is the highest form and most democratic example of cooperation. Without team work, America and Americans would never have achieved the greatness that

is theirs. We are all aware of its power and appeal. It is no less needed now than in the past.

Team work among those who live, work and recreate in and near the woodlands, is vital. There never was a time when our woodlands as a whole were in such precarious condition as they are now.

Since the hurricane, nearly 900,000 acres of slash have been added to our already sizeable slash problem. If we are to avoid unnecessary trouble with fire in our woodland areas everyone must cooperate—we must have team work. The remedy is simple.

YOU and YOU and YOU and YOU

Must secure the required permit from your local forest fire warden before burning.

Must use necessary precautions while burning or smoking in or near woodlands.

Must not throw lighted cigars, cigarettes and matches from vehicles moving along highways.

Otherwise You might well contribute to a costly and damaging fire. And don't forget that fire might destroy your own property!

Remember—Only You and You and You can prevent fire!

TEAM WORK WILL DO THE JOB!

Number of local fires	4
Number of acres burned	3
Number of permits issued	49

SCHOOL WARRANT
THE STATE OF NEW HAMPSHIRE

To the Inhabitants of the school district in the Town of Chester,
N. H., qualified to vote in district affairs:

You are hereby notified to meet at the Stevens Memorial Hall in said district on the 21st day of March, 1953 at 2:00 o'clock in the afternoon to act upon the following:

1. To choose a Moderator for the ensuing year.
2. To choose a Clerk for the ensuing year.
3. To choose a member of the school board for the ensuing three years.
4. To choose a Treasurer for the ensuing year.
5. To hear the reports of agents, auditors, committees or officers chosen and pass any vote relating thereto.
6. To choose agents, auditors and committees in relation to any subject embraced in the warrant.
7. To see what sum of money the district will raise and appropriate for the support of schools, for the salaries of school district officials and agents, and for the payment of statutory obligations of the district, and to authorize the application against said appropriation of such sums as are estimated to be received from the state equalization fund together with other income; the school board to certify to the selectmen the balance between the estimated revenue and the appropriation, which balance is to be raised by taxes by the town.
8. To see if the district will vote to raise and appropriate a sum of money to continue grading the area back of the school for playground activities and pass any vote relating thereto.

9. To transact any other business that may legally come before said meeting.

Given under our hands at Chester this 6th day of March, 1953.

REPORT OF SUPERINTENDENT OF SCHOOLS

To the Chester School Board:

I herewith submit my eleventh annual report as superintendent of schools in Chester.

STATISTICAL REPORTS

Enrollment

The total enrollment for grades one through eight for the period ending January 31, 1953 was 150 as compared to 151 for the same date last year and 159 two years ago.

The membership by school and grades as of January 31, 1953 follows:

School	Grade								Total
	1	2	3	4	5	6	7	8	
Chester	24	17	11	22	25	15	19	12	145

The number of Chester pupils who were in high school on January 31, 1953 were

School	Grade				Total
	9	10	11	12	
Manchester	3			1	4
Pinkerton		9	13	10	32
Raymond	8	4	2	2	16
Hood	12				12
Totals	23	13	15	13	64

Statistics For the School Year Ending June 30, 1952

Total registration	155
Half days schools were in session	354
Average membership	145.6
Average attendance	137.9
Per cent of attendance	94.7
Pupils transported at district expense	79

On Thursday evening June 12, 1952 graduation exercises were held in the Stevens Memorila Hall for 23 pupils who had completed the prescribed elementary program of studies. Appropriate exercises preceded the awarding of certificates to the following:

Barbara Dearborn	Ernestine Monish
Gloria Mills	Dana Morse
Arthur Dolloff	David Morse
Cynthia Dunbar	Hobart Rand
Alice Edwards	Hilda Roberts
William Hardy	David Stapleford
Lloyd Healey	Sharon Towle
Victor Hunt	Walter Tucker

Richard Karpinski
Fritz Klein
David Lyons
Ronald Menard

Gilbert Vaal
Janice Wilson
Harold Ryder

There was a decrease of 3 in the actual enrollment at elementary level and an increase of 3 at the secondary level so that there is no change of enrollment at present. The size of last year's graduating class in relation to the entering class caused this situation. The census returns indicate it will be several years before the graduating class will be larger than the entering class. It seems as though the enrollments at elementary level will show increase for the next several years. There may be a slight decrease in enrollment at secondary level for the next few years. These statements are predicated upon the population remaining stable.

Instruction

There was only one change in personnel since last year. Mr. Schnare resigned to accept a position in Franklin. The district was fortunately able to secure the services of Mr. Paul Pierce who had served as teaching principal in New Durham for two years previously. With all other teachers returning the school has operated well during the year. The district is indeed fortunate to continue to have all positions filled by able conscientious teachers.

The continuance of the handwriting services is paying dividends in that the general level of legibility and neatness is high. This is an area that can easily be neglected and it is worth while to maintain high standards for all pupils.

The work of Mrs. Kelley in the area of music instruction culminates in the public performances. This year combined groups of upper grade children produced a fine Christmas program at the Hood School. The boys and girls will put on a performance in the spring and the musical portion of the graduation is always a pleasing addition.

There are several new additions to our text book materials. New arithmetic texts were procured. A beginning was made in the English field in the replacement of the texts in that area. Supplementary materials were also provided.

Providing several texts in a given area such as geography and history in an attempt to develop beginning research technique and to develop habits of critical reading. One difficulty that pupils experience at high school and post secondary institutions is how to attack a problem involving research. By introducing it in a simple form at elementary level a start is made in the right direction. In

addition to the development of a research technique the pupil is also encouraged to read critically. The acceptance of the printed word without question can create situations where a student is easily swayed by propaganda. By the development of a questioning mind he develops, it is hoped, some skill in sifting out the true from the spurious.

All things that we in the school can do in the instructional area to develop critical thinking at the same time we are providing for fundamental knowledge will result in better citizenry.

Budget

The overall increase in estimated expenditures is \$2,088.21. This increase is found in almost every area but the areas of instruction and auxiliary activities account for nearly \$2000 of the increase. A more detailed analysis of the budget by areas is possibly appropriate.

Administration

The increase in this area is primarily in supplies and expenses. The actual expenditures in 1951-52 were approximately \$300. This item comprises local and supervisory union supplies and expenses. The supervisory union portion which is statutory is \$111.14. Of the local expense of \$188.86 approximately \$100 is for school telephones, \$75 for school board expense which includes all travel, (attendance at supervisory union and state meetings), telephone and postage, \$13.86 is included to cover supplies used by the principal and teachers for administrative bulletins, printing of legal notices (vaccination et al).

Instruction

The whole amount of increases in this item occurs in salaries. This item covers the regular teachers salaries plus handwriting and music. In light of the diminishing supply of qualified teachers the necessity of meeting the competition of other districts to retain the service of qualified teachers is self evident. This increase is common to nearly all districts in the state.

Operation

The only increase here is in janitors salary. The service required of and given by your janitor make this increase almost mandatory.

Auxiliary Activities

The big increase in this item is transportation of school children. This is a legal responsibility of the district. Referring to the 1946 report the transportation cost was \$2000 with 29 pupils being transported. Our current transportation involves some 85 child-

ren and the transportation item is 3 times as large as it was then. With rising costs it is little surprising that 3 times as many children can be transported at 3 times the expense.

High school tuition another legal obligation of the district reflects this year an increase in tuition rate with no increase in enrollment.

The increase in special activities is to allow for additional play equipment for boys and girls now that the district has begun a program of improving the play ground area.

Fixed Charges

The increase in retirement reflects increased teacher salaries.

Income

This area is difficult to estimate in a legislative year. If the budget as proposed by the governor is adopted by the legislature, it is possible that the state aid may be increased by \$2500 or more. Such an increase would wipe out estimated expenditures so that the levy could be slightly reduced. The debt service also is decreasing slightly each year. In addition this year's budget (1953-54) is the next to the last payment on the short term note of the district. These two factors are favorable ones for the district.

Conclusion

The expansion of current demands in our modern educational concept of educating the whole child has resulted in the use of teacher aids to a greater extent so that the teaching process can proceed at a more rapid and efficient pace. The Chinese proverb "One picture is worth a thousand words" is a statement that is one basis for the extended use of visual aids. As the film strip library is increased and expanded, the teachers can be in a position to enhance the educational opportunities for children.

It will also enable us to expand our curriculum offerings. There are some educational services that are being offered increasingly throughout the country that as yet have not been offered to the pupils of Chester. The need for the services of a physical educator who will help achieve "a healthy mind in a healthy body" is dramatized by the incidence of a remedial physical faults in the young adults of our country. A small investment in this area may and can return big dividends.

A second area that needs consideration is an expanded guidance program. The work of the class room teacher is decidedly valuable in this area. A guidance person can coordinate class room activities so that there is less waste of human resources as well as finance.

The expansion of the educational services has been delayed by increasing costs caused by increasing enrollments and the higher prices of an inflationary spiral. These services can perhaps be provided when a stable economy permits long range planning.

It continues to be a pleasant duty to work where citizens, parents, pupils, teachers and elected officials are concerned with the advancement of the education of children. It is a privilege to work under such conditions and to try to plan for increase educational opportunities for all children.

Respectfully submitted,

Everton H. Parkinson
